Discovering Bygrave Woods

51°57'06.1"N 0°17'08.4"W

Bygrave Woods is nestled on Newnham Farm, within the charming Parish of Newnham, North Hertfordshire, offering a peaceful retreat just under an hour from the hectic energy of London.

This enchanting woodland setting provides an immersive escape from the everyday, transporting visitors into a serene natural environment.

Spanning approximately 100 acres, the site holds a full premises license for up to 15,000 attendees. It features 100 acres of versatile fields, 6 acres of pristine woodland, and a 1.5-mile hard standing entrance and exit road, all with a reliable onsite mains water supply.

Ideal for a wide range of events, Bygrave Woods offers a unique and expansive location for unforgettable experiences.

SECURITY AND EVENT SAFETY

All Bygrave Wood events are proudly partnered with Security and Event Solutions Ltd., ensuring a safe and welcoming experience for all.

BAR OPERATIONS & FOOD CURATION

We work with a fantastic one-stop supplier offering a diverse range of food and beverage options, customised to suit your event—all while maximising your revenue. Have favourite vendors you'd love to include? No problem! Our supplier seamlessly integrates them into the line-up for a truly personalised experience.

PLANNING FOR SUSTAINABILITY

OUR GREEN POLICY

Our Green Commitment

The Farr family has farmed this land for 250 years. Once “green without knowing it,” today we are green by choice. Protecting the environment is central to everything we do, and we continually strive to reduce our impact. Bygrave Wood is not only our workplace but our home, and we ask that you help us care for it.

Recycling & Waste

We partner with local company ECO Waste (just a mile from site) to achieve net zero to landfill. All waste is expertly sorted and recycled, ensuring our footprint stays as light as possible.

Food & Bar Operations

Sustainability drives our concessions:

No single-use plastics—glasses, bottles, straws, or eatware.

Reusable PET festival glasses and a full recycling process behind the scenes.

A leave-no-trace policy to protect the site’s natural beauty.

Free drinking water points across the grounds—please bring refillable bottles.

Biodiversity & Land Care

We actively care for the land:

Annual tree planting, woodland care, and health checks

Sunflowers, maize, wild meadows, and bird-seed crops for wildlife

Regenerating woodland to support diverse species

Seasonal sheep grazing in an organic cycle towards net zero

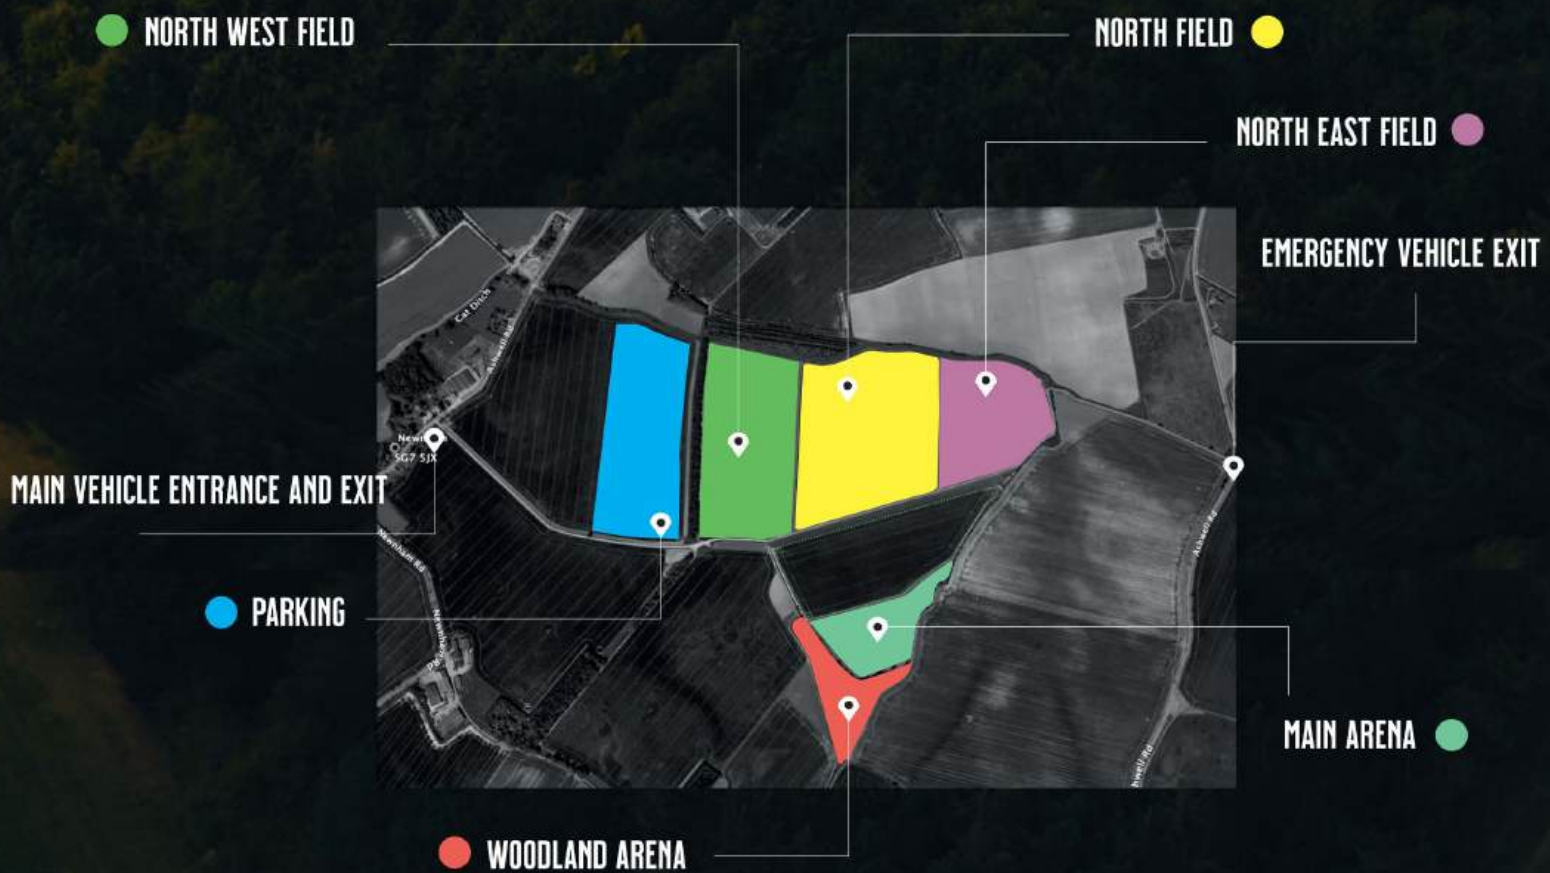

KEEP IT CLEAN, KEEP IT GREEN.
